BRAINWAVES

BRAINWAVES RESULT 1

We're excited to share the launch of our **Didactic guide for teachers**, a handbook that provides teachers with detailed instructions on how to integrate the BRAIN WAVES project into their curriculum.

WORK IN PROGRESS

WHAT'S NEXT?

- Create materials for accessible technology in education
- Identify needs of individuals with disabilities
- Classify 10 common disabilities and requirements
- Raise awareness and promote inclusivity
- Prepare resources for video game creation
- Gather materials for students to develop digital solutions

BRAINWAVES

2nd TPM IN DUBLIN

On May 23rd and 24th 2024, the second meeting of the Brain Waves Project Erasmus+ took place in Dublin, Ireland.

De La Salle College had prepared a series of workshops on disabilities, special needs, and Social Personal and Health Education, thanks to which we gained valuable insights that will be crucial for the development of our project in the coming months.

We had the opportunity to visit De La Salle College Churchtown and Educate Together schools, learning about their methodology with students with disabilities.
